MORNING CLASSES

The morning class approach is communicative and learners are encouraged to use and practise the language as much as possible. The teaching methods are skills-based (reading, writing, listening and speaking) with vocabulary and grammar structures introduced around interesting and relevant themes to suit and motivate young learners.

AFTERNOON CLASSES

Afternoon classes focus on project based learning centred around specific themes relevant to this age group. The learning outcomes are aligned with the NZ ESOL curriculum, for example, creating an information report or describing a process while also providing practice of 21st century skills such as critical thinking, virtual learning and technology in the classroom. The course also highlights the importance of a collaborative learning environment where cultural diversity is embraced.

AFTERNOON CLASSES

Explore Auckland with fun cultural and sightseeing activities! Through kayaking in beautiful ocean, sailing in Auckland's viaduct harbour, meet cute sheep, the iconic kiwi bird and more! Experience life of a typical New Zealand teenager and share such memorable moments with friends from the same class.
